The Shed Shop Unit 14, George Holmes, Business Centre, Hearthcote Road, Swadlincote DE11 9DF

We specialise in "bespoke" units made to your individual requirements in our own workshop.  
The base is down to **you** . It needs to be **solid** and **level**. If found to be unsuitable we will only drop off your shed

PRICES PRINTED MAY 2026  
ALL SIZES ARE APPROXIMATE

Potting sheds come with a floor and roof that is made using tongue & groove matchboard. This is 12mm thick which comes with a planed finish. Boards join together creating a stronger floor and roof.

The walls are either made using shiplap that is 12mm thick (shiplap is tongue and groove) or Log lap which is 19mm thick to its widest part. (again tongue and grooved together)

The framing we use is 45mmx35mm with rounded edges.

Potting sheds are 67" high on the low edge and 76" high on the high edge.

**All measurements are internal measurements and exclude the floor and roof.**

SIZE	STRAIGHT FRONT		ANGLED FRONT	
	SHIPLAP	LOGLAP	SHIPLAP	LOGLAP
7x5	£860.00	£1,035.00	£890.00	£1,065.00
